### EDITORIAL BRIEFS.

WE would inform our subscribers that the bills for the ARGUS are ready. We hope they will receive prompt attention. It is desired that all payments should be made before the close of the present term.

WE are pleased to announce that we have secured correspondents from a large number of our Colleges, who will keep the ARGUS well informed of whatever matters of interest may transpire at their various institutions.

We publish this week a communication from the Northwestern University.

WE notice that the Middletown correspondent of the *Hartford Post*, in a recent communication to that paper, appropriated without acknowledgment some items published in a previous number of the ARGUS under the heading, "Interesting Relics."

THE ceremony of unveiling the statue erected by Gordon W. Burnham, Esq., in memory of the Rt. Rev. Dr. Brownell, the Founder and first President of Trinity College, takes place to-morrow, Thursday, Nov. 11, at 2 o'clock, P. M. We acknowledge the receipt of a card of invitation from the *Trinity Tablet*.

Prof. RICE has promised us a scientific account of Howe's Cave and vicinity, which we hope to publish in our next. We shall also publish a list of the Valedictorians and Salutatorians of all the classes which have graduated at our University, so far as it has been possible to obtain them.

President ELIOT, in his inaugural address, states that more than one-fourth of those who enter Harvard College fail to graduate. We are quite sure that examination would show that a much larger proportion of our students fail to complete their course. Who will make the estimate and discuss its causes? Such an investigation would be valuable.

### "COLLEGE WIDOWS."

WE notice an article in the last number of the *Yang Lang* which is, we trust, a unique production in the field of College journalism.
