GREEK.—Four books of Xenophon’s Anabasis; three books of Homer’s Iliad; Greek Grammar; Greek Prose Composition. Translation at sight may be substituted for a part of the specified requirements.

MATHEMATICS.—Arithmetic, including the Metric System; Plane Geometry; Algebra, through Quadratic Equations.

ENGLISH.—Exercises in Composition and Criticism; History of the United States, Rome, and Greece; Ancient and Modern Geography.

For Latin—Scientific Course.

Same as for the Classical Course, with the omission of Greek and History of Greece.

For Scientific Course.

MATHEMATICS.—Arithmetic, including the Metric System; Algebra, to General Theory of Equations; Plane and Solid Geometry; Plane and Spherical Trigonometry.

ENGLISH.—Exercises in Composition and Criticism; History of the United States; Modern Geography.

The examinations for admission are held on the day following Commencement, and on the first day of the Fall Term.

Ladies are admitted to equal privileges in the University with gentlemen.

GENERAL INFORMATION.

The location of the College is unsurpassed, and its buildings new and elegant. A well-appointed Laboratory offers unusual facilities for the study of Practical Chemistry. The Astronomical Apparatus is ample, including a twelve-inch refracting telescope made by Alvan Clark, a spectroscopy of high dispersive power, a transit instrument, an electric chronograph, etc. The Physical Laboratory is well supplied with apparatus in the departments of Light and Electricity, and constant additions are being made, both in these departments and others. The Museum is arranged with reference to the wants of students, and is open to all. Special students in Natural History are allowed the use of specimens. The Zoological collections contain about 12,000 species; the Geological and Mineralogical collections about 16,000 specimens; the Herbarium about 4,000 species. The Library contains more than 30,000 volumes, and is steadily increasing. About 100 leading American and foreign periodicals are regularly filed in the Reading-Room. The Gymnasium is furnished with complete apparatus, heavy and light.

EXPENSES.

The annual charges in the Treasurer’s bill are:

- For Room Rent, $18.00 to $36.00, average, $24.00
- Use of Library and Reading-Room, 6.00
- General Repairs and Incidental Expenses, 21.00
- Tuition, 75.00

A limited number of Scholarships, which cover the charge for tuition, are available, at the discretion of the President, for the use of deserving students who need pecuniary assistance. Board may be obtained in private families at about $4.00 a week. Board may be obtained in clubs, at prices ranging from $2.00 to $3.00 per week. No student may be deterred by financial considerations from entering the University. Letters should be addressed to

REV. JOHN W. BEACH, D. D., President.
